Secretary of Transportation  
US Department of Transportation  
1200 New Jersey Ave, SE  
Washington, DC 20590

RE: Support for the City of Oskaloosa's **Oskaloosa Bypass Planning Study** BUILD Grant Application

Dear Secretary Chao:

Lewis Repair and Manufacturing enthusiastically supports the City of Oskaloosa and Mahaska County's application for funding through the US Department of Transportation's BUILD Transportation Discretionary Grant Program.

At Lewis Repair and Manufacturing we are the leading manufacture of agricultural and law enforcement incinerators. We provide law enforcement service and support 24 hours a day 365 days per year, a strong transportation network is imperative to our success. Completing the planning study to develop bypasses along the east side of the City of Oskaloosa will ensure the safe, efficient movement of people and goods for decades to come.

The BUILD-supported planning study will allow the City of Oskaloosa, Mahaska County in partnership with the Mahaska Chamber and Development Group to prepare a plan that will evaluate the safety and capacity of the corridor, enhance safe and efficient freight transport avoiding urban areas, improve response times for emergency vehicles to essential services - including healthcare providers, provide a safer route for students from the William Penn University, and will bolster pedestrian and bicyclist amenities, supporting both increased community vibrancy and better health outcomes.

For Lewis Repair and Manufacturing, the BUILD-supported project will support our efforts to provide law enforcement service and support 24 hours a day 365 days per year.

We are pleased to support the City of Oskaloosa and Mahaska County's BUILD Grant application for the **Oskaloosa Bypass Planning Study**. This project is important to the economic vitality of the region; it will improve the quality of life and allow the City and Mahaska County to improve the condition of key infrastructure.

Sincerely,

Larry Lewis  
Lewis Repair and Manufacturing
